**Subject:** RE: Duke power rate increase

Dear Mr. Ginn:

This is to acknowledge receipt of your email to our PSC Website Comments.

I am forwarding your email to our Docketing Department for handling. Your email will become a part of Docket No. 2009-226-E and will be posted on our website under this Docket.

Please let me know if you should require any additional information.

Sincerely,

Deborah Easterling

**Subject:** Duke power rate increase

Show me where a rate increase is justified. Gas is lower than it was last year. This is just another excuse to raise our power bills. A lot of folks are out of work now, and this will not go over very well with the public. I hope the public service commission shoots this proposal down. I encourage every one who reads this to email the SC public service commission with your thoughts on the matter. One more thing that I don't like about Duke power is the way that they think they can just come on some one's property and take over. Duke is supposed to get a 15' right of way on each side of a line this year they came in took a whopping 60' cut our trees down without permission, and didn't pay for the trees. To top it off they left the trees laying where they fell without any clean up. Duke is no longer welcome on my property. We the people of South Carolina strongly discourage any rate increase for Duke power.
